Church Notice.

Reverend Mr. Wright will preach in the Courtland Sunday at 11 A. M. until further notice. Should immediately after service.

CINNABAR.—Everybody about town will recollect that three or four weeks ago there was a little stir on account of some cinnabar ore that was brought in by some prospectors. Numerous tests were made and quicksilver found in all the rock. Mr. John Malcomb and Joe Stone arrived in town Tuesday, having been out to make locations. They brought in about twenty pounds of ore, which can be seen in the cabinet at Thorne & Hutchison's saloon, and in the hands of Capt. J. P. Hargrave, also with H. A. Bigelow at the Nitty Saloon. The ore is situated on the Verde river, which it crosses several miles below Squaw Peak, and shows for a long distance on both sides of the stream. Malcomb and Stone report that there are large holes along the vein excavated, evidently by Indians who used the ore for paint. The ore is identical in appearance with the pieces which have been found in the old Indian camps for years past in Yavapai county. J. C. Clancy, who was killed May 10th at the Crook mine, was the discoverer of the lode, and in the location just made his interest has been preserved. The other fortunate locators are John Malcomb, Wm. Kent, Dan Cannon, J. P. Hargrave, John A. Rush, H. A. Bigelow, P. S. Babcock, Pat. Hamilton, Pete Reed, E. S. Penwell and Eli Fender. Now we need a man who understands working cinnabar ore to take hold in earnest, and the miners will not have to pay two dollars a pound for quicksilver much longer.

Our stock is now complete, and anything required by the people of Arizona can now be had at L. BASHFORD & CO.'s.

BLACK CANYON AND BELOW.—H. G. Ballou, the Expressman, has recently been on a prospect to the lower Agua Fria, where he found some immense gravel beds that in time, he says, will pay and afford work for a large number of miners, but at the present high rate of transportation and labor, it does not offer sufficient inducement for a company to take hold and bring in water, which, although an abundance is to be had, will cost more, in proportion to the pay, than the diggings will warrant.

Mitchell is running two arrastras on the mine he recently bought from Swilling; and Swilling has established a ranch below the Canyon, where he has in a crop of corn, quite a large field of sorghum and an extensive vineyard. This will be the favorite station on the New, or Hellings, road to Phoenix when travel springs up on that route as it is bound to do on account of the great saving in distance. A small route is much needed on that route in order to assist in the development of the country. Prescott is now their nearest P. O., and forty or fifty miles is too far for a community to have to send for their mail.

Cash's conveyance and mangle ruffing, suitable for trimming children's clothing, just opened at L. BASHFORD & CO.'s.

HEAVY STOCK.—We took a look through the store, cellar and warehouses of C. P. Head & Co. a few days ago and were really astonished at the variety and extent of their stock of all kinds of goods. They are "stock a block" with barrels of sugar and other heavy groceries besides case goods in endless variety and almost unlimited quantity. The liquor department is very full, and a splendid line of dry goods and clothing is stored away out of sight to preserve it from dust and dirt. What one sees on a visit to the saleroom is but a moiety of the enormous stock on hand.

A complete stock of hardware at L. BASHFORD & CO.'s.

RACES TO-MORROW.—At one o'clock to-morrow the opening race of the Prescott Jockey Club will take place at the new Course, for a Citizens' Purse of \$100, half entrance added. The horses entered are: Cook & Thorne enter "Bay Jim"; Frank Murray enters "g. Mike Schuyler"; William Casey enters "g. Blaze"; T. D. Saunders enters "b. Yellow Jacket". Tom Sanders is erecting a Judges' stand. Pools will be sold this evening at the Cabinet Saloon, beginning at 8 o'clock.

The latest style in straw and felt hats at L. BASHFORD & CO.'s.

REMOVALS.—L. Bashford & Co. have removed their old store building from between Fred. Williams' saloon and Dr. Kendall's drug store to Corbett street, adjoining the Recorder's office. Kelly & Stephens have removed their store, building and all, from the north side of the plaza to the N. W. corner Montezuma and Gurley Sts. John W. Davis has moved his residence, opposite the MINER office, back from the street to make room for other improvements.

Tire iron now on hand at L. BASHFORD & CO.'s.

"OLD BOY," as the boys call Col. Bigelow, proprietor of the Nitty Saloon, is putting up a one-story thirty-foot addition to his saloon on Montezuma street, in order, as he says, to give him more room for the sale of rot, etc., etc. The lumber on this job comes from A. O. Noyes' mill, and the shingles from Geo. W. Curtis' mill. Every day we hear of new improvements in progress and in contemplation, all of which show that we are growing constantly and surely.

Clothing—a large and attractive stock, at L. BASHFORD & CO.'s.

FIRST NATIONAL BANK OF ARIZONA.—On the 16th inst. we saw a petition signed by ten solid men of Northern Arizona, petitioning the Comptroller of Currency to instruct them how to proceed to incorporate and establish a National Bank at Prescott. Business men of Prescott think that two hundred thousand dollars can be used to an advantage in a Bank at this place.

ELAINE FUNERAL MARCH.—We have just received from Messrs. Sherman & Hyde, Music Dealers of San Francisco, a copy of the Elaine Funeral March, composed by Blumenthal, and published by them. The title page is embellished with an accurate photograph of Taty E. Rosenthal's magnificent painting, "Elaine." Every lover of good music should send 50 cents in currency or stamps to the publishers, and obtain a copy.

Ned. Hutchinson has gone to Cerbat after a wagon load of fire-brick which Mr. Robt. Stein was good enough to let the Silver Belt Co. have, and immediately on his return the furnace will start up and if no accident occurs it will not again stop until the dump is all worked up.

LAND PATENTS.—Wm. N. Kelly, register of the Prescott land office, informs us that the following patents have been issued, on locations made at his office: No. 828, Wm. B. Hellings; 1002, Jos. S. Curtis; 1003, Thomas Stonehouse; 1004, Philip McDonnell; 1005, Guadalupe Ortega.

W. E. Hardy, of Hardyville, is in town or was yesterday.

CORRESPONDENCE.

PRESCOTT, A. T., June 15, 1875.

To the Editor Arizona Miner:

Six:—In the issue of your paper of the 11th inst. I observe from the correspondence of Col. Bigelow and Hon. C. A. Luke, that a portion of the funds collected by subscription of citizens of Prescott and vicinity, for the benefit of Mrs. Brown's children, has been withheld by those gentlemen, on the mere supposition that the children of Mrs. Brown were not in need of it at the present time. Now, be that as it may, I can see no reason why these gentlemen should withhold said money on that account, for it is very strange that they should assume to dispose of money intended by the donors for that object, for the reason that they thought the parties for whom it was intended did not need it, etc.

Now, the facts in the case as I am informed, and believe, are these: Something more than one year ago, the ladies referred to did circulate a petition asking a donation for the benefit of Mrs. Brown's children, and the amount stated by Col. Bigelow was turned over to him, for that purpose, and for no other, as the card hereto annexed will clearly show; and why it is that these gentlemen should assume to withhold the funds so donated I would like to know, for it certainly seems to me that a person has a right to donate his money or other effects to any person of purpose he may see fit, whether the persons to whom such donation is made is in need of it or not; and why Col. Bigelow should apply to Mr. Luke to dispose of the balance on hand, and why Mr. Luke should assume to order that said money should be turned over to Mr. L. Bashford remains a mystery to me, unless it be that Mr. Bashford needs the money in his business. Now these are matters that certainly need an explanation, and I hope the gentleman who have assumed to dispose of the money, in the manner above referred to, will either pay over said money to the persons for whom it was intended, or give the donors a better and more satisfactory reason than they have yet done, for it certainly does appear from the following card, that said funds were intended for the children of Mrs. Brown, and for no others.

I am not asking for this money for myself or because the children are in need, but because it was given to them before I ever saw them, and I now feel it my duty as their guardian to see that they have their rights. HENRY COLQUHITT.

PRESCOTT, June 5, 1875.

We, the undersigned, citizens of Prescott and vicinity, subscribed money for the benefit of Mrs. Brown's children; said subscription was solicited by Mrs. C. A. Luke and Miss Kerr, and said money so subscribed and paid was intended as a donation for the benefit of the said Mrs. Brown's children, and no others:

At a meeting of the ladies and gentlemen of Fort Whipple, on the evening of the 14th of June, at the General Crook Club Rooms, called for the purpose of organizing a reading club, Mrs. Kautz was called to the chair.

Upon motion the following officers were elected: President, Gen. A. V. Kautz; Vice President, Mrs. D. L. Magruder; Secretary and Treasurer, Miss Carrie Wilkins; Critics, Col. John D. Wilkins and Dr. D. L. Magruder.

The following committee of five was appointed by the Chair as a committee upon resolutions, by-laws and organization: Major J. J. Van Horn, Mrs. Furmister, Major Thos. Wilhelm, Lieut. E. D. Thomas and Lieut. Edward Lynch.

It was resolved that the club should be named the Shakespearean Reading Club. After the election of officers and the appointment of committee the meeting adjourned until 8 p. m. Monday next, when a meeting will be held in the hall of the General Crook Club, when the committee will report and the club be thoroughly organized.

The Eighth Infantry Band have selected the following pieces for to-morrow afternoon on the plaza:

4th. Ascension Valse—Strauss. 5th. Cavatina n'ell Opera, Pia de Tolomei—Donizetti.

6th. Krieger's Heimkehr March—Pielcke.

ALBINO ADIANTI, Bandmaster 8th Infantry.

Mr. Ellis, of Asher & Co., has played one of those jokes on us that we so much appreciate. He evidently took us for an orphan seeking a family that wanted to take a boy to raise, and not caring to put his donation in the hands of the Mayor or board of school trustees, bestowed his offering directly upon the object of his charity. Inasmuch as they have an enormous stock of clothing in that house and sell very reasonably.

Fred. Montalvin was in from the Little Colorado this week. He and partner, McWilliams, are building mail stations for Hayward & Baker, but intend ultimately to settle on that river and engage in the stock business.

Clough's lime kilns, at Point of Rocks, are among the important industries of Yavapai county. Now that the building season is at hand it is Clough's harvest time. We had intended early to this have visited the kilns but have failed thus far.

Fred. Williams' new house on Gurley street contains a parlor 12x16 feet, two bed rooms 12x16 and 10x16, dining room 9x14, and kitchen and pantry 9x17.

A correspondent from Aubrey, on the Colorado, has written us an interesting letter which will find a place in our columns next week.

A CORRESPONDENT from Ash creek furnishes the following: Stemmer has lately had his house plastered. It now contains seven plastered and neatly furnished rooms, and the station is represented as a very attractive place for travelers. Mrs. Stemmer has general charge of the house and poultry yard, and is quite adept in the management of long-legged colts—a joke perhaps on Mrs. S. The Cherry Creek mines, he says, are quite as good as they are represented. The Mogul Indians, on their recent trading excursion to Prescott, paid Ash creek a visit and behaved impudently, though they were too closely watched to get away with anything except what was given to them. Our correspondent thinks they were acting as spies for the Apaches or Tonios, and that they were conveying supplies to the renegades from San Carlos that Seiber's scouts killed and captured about that time.

Several questions are asked that we cannot answer: Such as "How many men have fallen by the scalping knife? Who was it whose blood saturated the soil of the battlefields of the late rebellion? Must we be murdered by the noble red man? Who caused the Indians to leave the reservations?"

This latter question the writer answers in a little couplet, thus—

"Indian Agents who came to grief
By giving credit for too much beef."

A NEW POSTOFFICE has been established at Spaulding's Station, Agua Fria Valley, Dan. H. Marr, Postmaster. This is a move in the right direction, but there should be another at Ash Creek and at Lower Agua Fria, and a mail route through to Phoenix on the new road. Peoples Valley also needs a postoffice, on the Wickenburg route, say at Charley Gunning's place, and it would not hurt to have one at Bowers' ranch or at Dixon's, in Skull Valley. These places are on the regular mail route and could be supplied without additional expense, and as the valleys settle up are very necessary for the accommodation of settlers.

The postoffice for Williamson Valley has been left out of the new schedule. There should be an office at some convenient point on the road in that valley. The crossing, we are told, would be an eligible place to put it.

CERTIFICATE OF STOCK.—We have to thank our friend John Wasson, of the Centennial Commission, for a present of one share of the capital stock of the Centennial Board of Finance. The certificate is of itself an allogical picture of one hundred years progress of the United States in science, arts and civilization, from Washington to Grant, beautifully printed, and worth its par value, ten dollars, as an ornament to frame and hang up. We shall take especial pride in preserving it, while we live, and hand it down to somebody else's posterity as a memento of the one hundredth anniversary of American Independence.

DEATH FROM PALSY.—An elderly man by the name of John Walker, who has been about the streets of Prescott for several months in a partially paralyzed condition, died on Sunday, June 13th, and was buried by order of Supervisor Kendall on Monday. We have been unable to learn much of his history other than that he was an old Californian and has lived in Downville in that State.

His apparent age was something over fifty years.

That is a beautiful knife Mr. Sontag presented us. It has the words "Lady's Knife" engraved on the handle, but we'd like to see the color of the lady's hair that would take it away from us.

A telegram yesterday from San Diego announces the safe arrival there of our young friend W. C. Bashford, whose departure from Prescott we neglected to mention last week. Will's many friends will be glad to learn that his health has greatly improved on the trip.

The absence of the Mayor and City Treasurer leaves our City government rather short of officers, and devolves the left of the responsibility on the Marshal.

The races to-morrow will take place at 1 P. M.—Tomplings, Hargrave and Bigelow, Judges; Parker, Curtis and Harrington, marshals. Citizens' purse, 1st prize, \$25; 2d, \$20; 3d, \$15.

P. B. Brannan, Indian trader at San Carlos, has been here on business and left for home this morning.

Arrivals of goods during the week: For L. Bashford & Co., 5,135 lbs., by Geo. Reeb's teams.
